2021 August Wildfires

Report Date:

8/31/2021

Report Time:

0730

**Weather Update (National Weather Service)****Impacts**

- Cooler temperatures are expected statewide through the rest of the work week.
- Dry conditions and gusty southwest winds through Wednesday and will lead to more widespread critical fire weather conditions across the mountains and foothills in the northern half of California.
- Hot temperatures will linger Monday across the southern half of the state on Monday, but otherwise a cooling trend is expected for the beginning of the week.
- Isolated to widely scattered showers and thunderstorms will be possible across southern California through [Wednesday, especially in the mountains and deserts](#).
 - Heavy rainfall and flash flooding are possible, primarily on Tuesday.
 - Otherwise, no precipitation is expected across the northern two thirds of the state through the week.
- Wildfire smoke will remain across portions of northern and central California, bringing reduced visibility and air quality at times.

Watches/Warnings/Advisories

- Updates to Watches, Warnings and Advisories can be found at <https://www.wrh.noaa.gov/hazardSummary/?state=ca>.
- Northern California:
 - **Red Flag Warning**
 - Through Tuesday evening for the Surprise Valley, the Tahoe Basin, and much of the northern and central Sierra.
 - Through Wednesday evening for the Greater Lake Tahoe and Truckee area, as well as much of the northern Sierra and much of the central Sierra.
- Southern California:
 - **Flash Flood Watch**
 - Tuesday morning through Tuesday night for the Apple, Lucerne, and Coachella Valleys, much of southern San Bernardino County, the mountains and deserts of San Diego and Riverside counties, and all of Imperial County.
 - Tuesday morning through early Thursday morning for the Upper Colorado River Valley in San Bernardino County.

Northern California	
<u>Valley (Tue- Tue Night)</u>	<u>Foothills/Mountains (Tue- Tue Night)</u>
Temps: Lows: 50- 65 °F; Highs: 85-100°F inland, warmest in the San Joaquin Valley, with 60s and 70s closer to the water.	Temps: Lows: 40-65°F; Highs: 65-90 °F, with 50s on the higher peaks.
Humidity: Night: 55-95 %; Day: 10-30% inland, with 30-45% closer to the water .	Humidity: Night: 25-55 %; Day: 10-25%, except 25-50% along the northern coast.

State Operations Center

2021 August Wildfires

Report Date:**8/31/2021****Report Time:****0730**

Winds: West 10-20 mph near the Delta. Elsewhere, generally light and terrain driven, except west-southwest 5-15 mph in many locations in the afternoon.	Winds: West-southwest 15-25 mph with gusts 20-35 mph. Higher gusts possible on exposed ridgelines.
Precipitation: Dry	Precipitation: Dry
Southern California	
Coast (Tue- Tue Night)	Inland (Tue- Tue Night)
Temps: Lows: 55-65°F; Highs: 70-90°F	Temps: Lows: 65-80°F, with 50s in the mountains; Highs: 90-105°F, with 70s and 80s in the higher mountains.
Humidity: Night: 65-95%; Day: 30-60%	Humidity: Night: 25-55%; Day: 10-40%
Winds: Generally light and variable, except west-southwest 5-15 mph possible in the afternoon.	Winds: Southwest 5-15 mph. In some mountain locations and the Antelope Valley, west-southwest winds 10-20 mph with gusts 20-30 mph are possible.
Precipitation: Isolated showers and thunderstorms possible, primarily in the mountains, Los Angeles County southward.	Precipitation: Isolated to widely scattered showers and thunderstorms expected, with heavy rain and flash flooding possible.

Outlook for Wednesday through Monday:

Critical fire weather conditions will continue on Wednesday for the areas closest to the Caldor Fire, including the Tahoe Basin. Generally lighter winds are currently expected Thursday through the end of the week, but locally breezy winds and elevated fire weather concerns are still possible.

Cooler temperatures will prevail through much of the week, followed by a possible warming trend for the weekend. After some lingering showers and thunderstorms in southeast California on Wednesday, drier weather is expected statewide Thursday through Saturday, with monsoon moisture potentially returning to southern California as early as Sunday.

Red Cross

- Trained Red Cross volunteers are helping evacuees cope as they await news about whether they will have a home to return to. Volunteers are also replacing prescription medications, eyeglasses or critical medical equipment, like canes and wheelchairs, that were left behind in the rush to get to safety.

State Operations Center

2021 August Wildfires

Report Date:

8/31/2021

Report Time:

0730

- Sunday night, the Red Cross and our partners cared for more than 500 Californians seeking refuge from wildfires in about 20 emergency shelters and campsites. Since June, we've provided more than 13,000 overnight stays for people in need.
- Many evacuees are choosing to stay in RVs or tents. Anyone who has been affected by the fires is welcome to stop by a shelter to get a hot meal, take a shower and access other support.
- Since the fires began, over 750 Red Cross disaster workers have supported relief efforts in person or virtually.
- About 325 disaster responders are still active across the state supporting the current relief operations.
- With the help of partners, the Red Cross has provided 36,800 meals and snacks and distributed over 2,400 relief items including comfort kits, fire kits, and other supplies to help people in need.
- Volunteers have already made more than 9,700 contacts providing emotional support, health services and spiritual care for people who've been evacuated.
- The Red Cross has provided financial assistance to more than 1,700 people who have experienced loss due to recent California Wildfires. Financial assistance allows people to make their own decisions and prioritize what their family needs most to start recovering. Funds can help families replace clothes or food, offset transportation costs, or support any other immediate need.

CA-ESF 13: Law Enforcement

California Energy Commission

- **CA Fuel Status:**
 - CEC staff have been in communication with NV Energy Office.
 - No significant supply issues reported by industry. Weekly fuels watch report posted on August 25, 2021.
(https://ww2.energy.ca.gov/almanac/petroleum_data/fuels_watch/index_cms.html).
 - There are no transportation fuel supply problems at this time nor are any anticipated over the next several days.
 - Chevron distribution terminal in West Sacramento reported a contaminated diesel tank. They are working to return the tank to service.
 - Chevron understands the importance of prioritizing diesel for emergency response and wants us (working in coordination with our partners) to let them know if there are any specific fuel vendors that are unable to fill their emergency fuel deliveries due to the contaminated diesel fuel tank. We are not aware of any requests or supply constraints at this time.
 - California Energy Commission (CEC) staff continue refinery outreach and coordination.
 - CEC staff supporting Caldor Fire advanced planning activities
- **Natural Gas:**
 - Concerning the El Paso Natural Gas (EPNG) pipeline Force Majeure and its effect on California, the CEC is monitoring the situation closely. EPNG's available delivery capacity is still higher than what the Ehrenburg receipt point can take away from the junction, so there is no impact on gas delivery volumes to California currently. Additionally, the amount of scheduled gas that will ultimately be consumed in California is still far under the total available capacity. Barring another unforeseen and/or widespread weather event like the February 2021 polar vortex, this current pipeline outage on Line 2000 in Arizona will not affect California gas supply.
 - El Paso Natural Gas (EPNG)/SoCalGas Curtailment Watch update: Staff is closely monitoring conditions in Southern California and the impact of the Coolidge rupture on

State Operations Center

2021 August Wildfires

Report Date:

8/31/2021

Report Time:

0730

EPNG's southern mainline. That and other conditions on EPNG are leading to slightly lower deliveries at Ehrenberg than shippers are requesting (see graph below). We believe the curtailment watch issued by SoCalGas is aimed at alerting its Southern System shippers to pay close attention to their nominations and actual usage given higher temperatures expected over the weekend. Demand overall remains in the 2.5 Bcf range.

- California ISO status - Normal

CA-ESF 7: Resources

Department of General Services (DGS)

- DGS/Office of Fleet and Asset Management Travel Coordinator Representative to report to JFO full time, starting August 30, 2021 for a 30-day rotation to facilitate travel arrangements – Enroute (Staff to be on site September 01, 2021).
- DGS to establish contract to provide meals three times a day for one thousand people to support multiple El Dorado County Shelters - Coordinating
- DGS procurement is working on:
 - [DGS to procure fifty standard refrigerators to Greenville Highschool – Coordinating.](#)
 - DGS to procure various portable bathrooms, handwash stations, and shower trailers with wrap services for Douglas County Community Center in Gardenville NV – [En route \(2000 hours August 30, 2021\) Pending Confirmation.](#)
 - Procuring resources to support California Conservation Corps and Department of Water Resources watershed efforts in Lake County/Cache Fire (Wattles, wood stakes, forklift, and sandbags) – Coordinating (Deliveries expected September 1, 2021).
 - DGS to procure sandbags, vehicles, and other needed materials for flood fighting purposes for Greenville. Efforts to begin in September – Coordinating (Deliveries expected September 1, 2021- September 20, 2021).
 - DGS/Real Estate Services Division to establish Memorandum Order of Understanding or zero purchase lease for vacant Plumas County Probation office (Quincy) and wrap services for foreseeable future. – Coordinating – Lease updates to follow by September 01, 2021.

Disaster Logistics

- Coordinating with recovery/SOC planning for responder base camp.
- Coordinating with Recovery planning for state housing needs

CA-ESF 8: Public Health and Medical

California Department of Public Health (CDPH)

- Barton Hospital has moved Emergency Department operations to the Lake Tahoe Surgery Center located at:
 - 212 Elks Point Rd #201, Zephyr Cove, Nevada.
 - [Barton Memorial Hospital 18 patients went to the following facilities:](#)
 - [Tahoe Forest Hospital \(CA\)-7.](#)
 - [Renown \(NV\)-7.](#)
 - [Carson Valley Medical Center \(NV\)-3.](#)
 - [St. Mary's \(NV\)-1.](#)
 - [Barton Memorial D/P SNF 36 residents went to the following SNF:](#)

Operational	9 (-1)	11	2	3	1
Non-operational	1 (+1)	1	0	0	0
Status unknown	0	0	0	0	0
Total facilities being monitored	10	12	2	3	1

Dixie Fire (Lassen County)

- Seneca District Hospital:
 - Seneca District SNF is operational with residents and staff scheduled to return by noon on Monday, August 30, 2021.
 - There are no issues or concerns due to fire activity.
 - The town of Chester is still operating on PG&E Generators with no issues noted.
 - Infrastructure is in the process of being repaired to return Chester to its normal PG&E power transmission source. Estimated time of repair is not known.

Washington Fire, Tuolumne County

- Adventist Health Sonora D/P SNF (Unit 7) (538 Ponderosa Drive): is operational and repopulated.
- Adventist Health Sonora D/P SNF/GACH (Unit 6) (179 S Fairview): is operational and repopulated.
- Adventist Health Sonora GACH (1000 Greenley Road) is operational.
- Avalon Care Center Sonora SNF (19929 Greenley Road) is operational.

EMSA

- EMSA provided an Ambulance Strike Team to support South Lake Tahoe over the weekend to assist with EMS needs and possible hospital evacuations.
 - EMSA coordinated the evacuation of Barton hospital and the Skilled Nursing Facility due to the encroaching fire. A total of 56 patients were transported to medical facilities (Tahoe Forest Hospital in CA, RENOWN, St. Mary's, and Carson Valley Medical Center in Nevada. The SNF patients were transferred to Ormsby SNF in NV).
- EMSA provided oxygen equipment and biomedical personnel to assist Adventist Health and Rideout over the weekend due to a partially failed hospital oxygen system. EMSA also assisted with coordinating the transfer of three ICU patients from Rideout to hospitals in Region II and III.
- EMSA is providing one ambulance taskforce that consist of:
 - Three Basic Life Support (BLS) Ambulances.
 - Two Advanced Life Support (ALS) Ambulance.
 - One strike team leader.
 - One trainee.
 - 1 Disaster Support Medical Support Unit.

State Operations Center

2021 August Wildfires

Report Date:

8/31/2021

Report Time:

0730

- EMSA continues to provide Agency representatives on the ground in Lassen, Shasta, and El Dorado Counties to support local medical needs and patient transports.
- EMSA continues to coordinate ambulance resources for CAL FIRE to support the fire line:
 - Seven single ambulance units supporting CAL FIRE operations / Dixie Fire.
 - Five single ambulances supporting CAL FIRE operations / Caldor Fire.
 - One single ambulance supporting CAL FIRE operations / Monument Fire.
- EMSA is providing CAL-MAT to provide medical care and COVID-19 testing at several CAL FIRE Base Camps, including:
 - Dixie Fire Base Camp and Shelter in Susanville.
 - Monument Fire Base Camp in Shasta.
 - Caldor Fire Base Camp in El Dorado.

CA-ESF 10: Hazardous Materials

Air Quality Index Map (airnow.gov) – California Environmental Protection Agency (Cal EPA) as of August 30, 2021, at 0600 Hours:

- CARB continues to support affected air districts and air quality agencies. A total of **33** portable air monitors are currently deployed ([a new monitor was deployed yesterday in the community of Tahoma, CA, in El Dorado county](#)) throughout the state to support local air quality agencies and is visiting their equipment storage caches in Redding, Mariposa, Ukiah, Santa Barbara and Fresno to manage inventories and resupply monitors and supplies. CARB will continue to develop plans and schedule air-monitoring deployments as needs and resources are identified. CARB along with affected air districts, USEPA and US Forest Service continue to hold daily meteorology and air monitoring coordination calls to predict emissions and plume movement, discuss air quality forecasts, review active and pending requests for monitoring support and provide operational updates on the air quality monitoring response.
- Based on yesterday's PM2.5 Air Quality Index (AQI) many communities in the following Northern California counties experienced air quality in the unhealthy to very unhealthy category: Lassen, Plumas, Sierra, Nevada, Placer, El Dorado, Amador, Alpine, Calaveras, Tuolumne, Mono and Siskiyou. Today's forecast predicts [similar](#) air quality in many locations with [Placer, El Dorado, Alpine, Amador, Calaveras, Tuolumne](#), and [Mono](#) counties expected to [continue](#) to have AQI in the [very unhealthy](#) category.
- The Sacramento Valley, Bay Area, Southern California, and foothill and mountain communities in the Sierra Nevada mountains are expected to receive [similar](#) air quality today as yesterday, with AQI predicted to be in the moderate to unhealthy for sensitive groups category. Air quality in parts of Fresno, Kern, Tulare, Inyo, San Bernardino, Riverside, Imperial, and San Diego counties has [improved](#) and is predicted to also experience air quality in the [moderate](#) to [unhealthy for sensitive groups](#) category.

Watershed/Debris Flow Task Force (WSTF)

- Dixie Fire
 - First WSTF all hands call for Dixie slated for next week August 31, 2021.
 - Burned Area Emergency Response team continuing to categorize and validate Values at Risk along the Southwest corner of the fire.
 - BAER team has completed Phase 1 Soil Burn Severity and USGS Post-Fire Debris Flow Hazard Modeling.
 - 15-minute: 31 mm/h, or 0.30 inches in 15 minutes, RI = 0.7 years.
 - 30-minute: 24 mm/h, or 0.50 inches in 30 minutes, RI = 1.1 years.
 - 60-minute: 22 mm/h, or 0.90 inches in 60 minutes, RI = 3.0 years.
 - MRT Requested for CCC to deploy one crew to implement emergency protection measures within the town of Greenville. Deployment slated for September 7, 2021.
 - MRT requested for DWR to deploy two flood fighting specialists to identify placement of emergency protective measures on cleared DTSC parcels within the town of Greenville. Deployment slated for September 3, 2021.
- Tamarack Fire
 - In coordination with the Markleeville Water Company, conducting site visit on August 30, 2021, to assess the Musser and Jarvis Watershed.
 - The findings from this site visit are feeding specs for an expedited USACE permit to allow treatment.
 - Continuing to coordinate with Alpine County Public Works, Department of Water Resources, and National Weather Service for the implementation of a rain gauge in Markleeville.
 - Implementation to occur within the next two weeks.

State Operations Center

2021 August Wildfires

Report Date:

8/31/2021

Report Time:

0730

- Cal OES to meet with NWS and Alpine County to assess best locations for rain gauge as well as build Alpine Counties capacity for the maintenance of the equipment.
- Continuing coordination with the United States Forest Services to expedite permitting to allow treatment of the Markleeville Water Company's Watershed, the Musser, and Jarvis Creek.
- Site visit with Markleeville Water Company tentatively scheduled for Monday, August 30, 2021. The purpose of the site visit is to gather geospatial data to map the water companies proposed BMP treatments on the Musser and Jarvis Watershed. At the request of the BAER team, this mapping needs to occur to expedite the permitting and NEPA process which would allow for treatments on private property on USFS land.
- Cache Fire
 - Mission Resource Tasking requested for DWR to deploy one flood fighting specialist to identify placement of emergency protective measures in Clearlake near Cache Creek. Deployment slated for September 1, 2021.
 - 156 vehicles and 137 structures have burned, 57 of which are residences. These burned vehicles and structures are near Cache Creek; therefore, erosion control Best Management Practices must be placed, or a berm must be constructed, to protect the waterway from toxic runoff from the burn area. This area is particularly sensitive as Cache Creek flows directly into Clearlake.
 - MRT requested for CCC to deploy one crew to implement emergency protection measures within the town of Clearlake, tentatively scheduled to be on site September 3, 2021, and September 4, 2021, for placement of BMPs and/or construction of a berm.
 - MRT requested for DGS to provide the materials and equipment for the aforementioned MRTs.
- Caldor Fire
 - Preliminary analysis of potential watershed impacts identified the American River South Fork and Cosumnes River watersheds fall within the burn scar.
 - Cosumnes River Watershed - Of particular concern is the potential for toxic runoff from the Grizzly Flat area (est. 300-350 residential structures burned) into the waterway. This watershed flows to the San Joaquin River, then the Sac-San Joaquin Delta.
 - American River South Fork Watershed - Post fire runoff and sedimentation have the potential to negatively impact the various areas of beneficial use, including municipal and domestic supply, irrigation, stock watering, recreational use, warm and cold freshwater habitat, spawning, and wildlife habitat.
 - USFS anticipates deployment of a BAER Team to the Caldor Fire burn scar when conditions permit.
- River Fire
 - NSTR
- Miscellaneous
 - Met with data analytics team to discuss development of WSTF dashboard. Estimated completion date of September 3, 2021.

CA-ESF 15: Public Information Office (PIO)

- Pushed public facing messaging focused on evacuation numbers, shelters, signing up for emergency alerts, mutual aid and amplifying state partner, community meetings and amplifying out state and county partners messaging.
- Working with impacted counties and agencies to coordinate unified messaging and assist with any unmet needs.

Office of Legislative and External Affairs (OLEA)

- On August 30, 2021, OES, FEMA, Small Business Administration & Rep. McClintock staff will participate in a conference call to discuss President of the United States' approval for a Major Disaster Declaration for Lassen, Nevada, Placer & Plumas Counties, coordination of public and individual assistance programs and on-going efforts for additional information for the remaining counties included and awaiting approval for a Major Declaration (Shasta, Siskiyou, Tehama & Trinity Counties).

Office of Access and Functional Needs (OAFN)

- OAFN participated in the 2021 Fire Season Unified Coordination Group (UCG) to provide operational assistance for inclusive response and recovery missions throughout the state.
- OAFN is coordinating with the City of South Tahoe to ensure accessible transportation options are available and ensure those plans are communicated throughout the whole community.
- OAFN is collaborating with State and Federal partners to assist with the process of delivering/facilitating Individual Assistance (IA) programs and services for individuals with access and functional needs in the affected areas.
- OAFN is promoting new emergency preparedness resources for people with disabilities presented by FEMA's Office of Disability Integration and Coordination (ODIC).
- OAFN is maintaining ongoing communications with whole community partners and stakeholders serving older adults, individuals with disabilities, and people with access and functional needs to provide assistance during power outage events, wildfires, and recovery efforts throughout the state.

Office of Private Sector / Non-Governmental Organization (NGO) Coordination

- NSTR

Office of Tribal Coordination (OTC)

- On August 30, 2021, OTC attended the RST meeting and requested TA for Greenville Rancheria to assist in navigating the recovery process. In addition, OTC requested assistance from FEMA tribal liaisons.
- OTC was informed that Hoopa Reservation had 30-acre fire on the reservation this morning. In addition, the Knob Fire is on aboriginal territory and 6 miles from the reservation. OTC is keeping in contact with the Hoopa tribe for any unmet needs.
- OTC continues to work with the Hoopa Reservation to identify needs for air scrubbers.
- OTC reached out to Pauma Reservation. Currently, no unmet needs due to the Chaparral Fire.
- OTC, through the facilitation of CDSS, reached out to Pala Band of Mission Indians to see if there were any needs due to the Chaparral Fire. No unmet needs.

State Operations Center

2021 August Wildfires

Report Date:

8/31/2021

Report Time:

0730

- OTC continues to work with the Yurok tribe on requests for air scrubbers. The Offline Request Form has not been received at this time.
- OTC assisted Red Cross in identifying shelter facilities for evacuation from the Knob and Monument fires. Bear River Indian Rancheria and Blue Lake Rancheria have offered their facilities as potential shelters sites to the Red Cross.
- OTC received an inquiry for child size disposable masks from Pit River Tribe. OTC reached out to Pit River Tribe to see if they still had unmet needs. PPE request form was submitted today to MHCC Operation for processing.
- OTC attended Disaster Recover Wildfires meetings.
- OTC is monitoring Enterprise, Mooretown, Greenville, and Berry Creek Rancherias to ensure sheltering needs are being met from Dixie Fire.
